

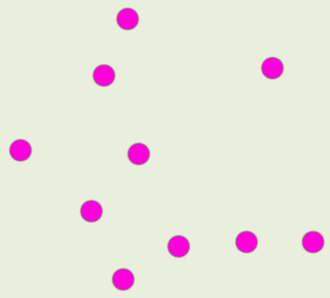
LODUM

Linked Open Data
University of Münster

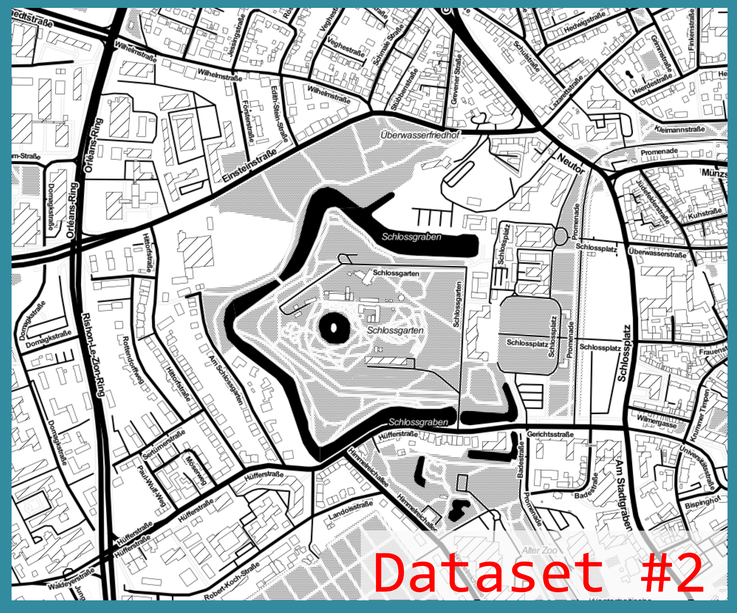
Let's share the building blocks of knowledge!

Your open data can help to enhance science

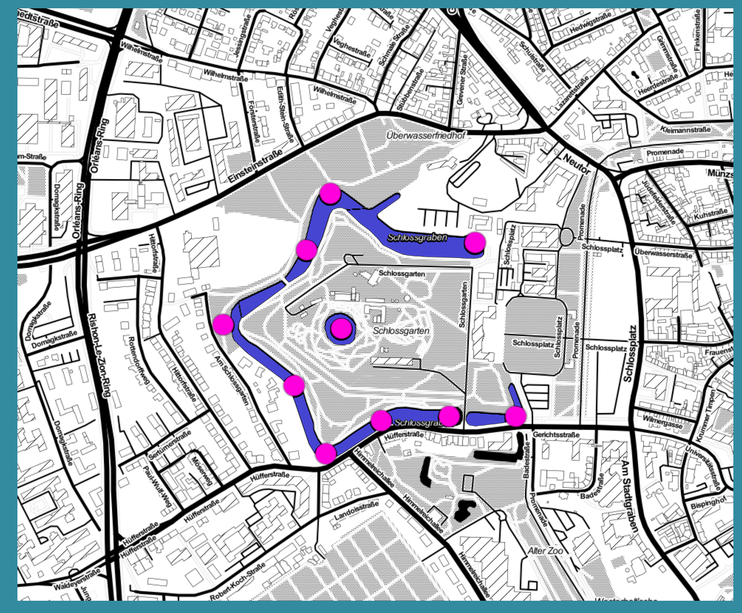
Weird patterns?



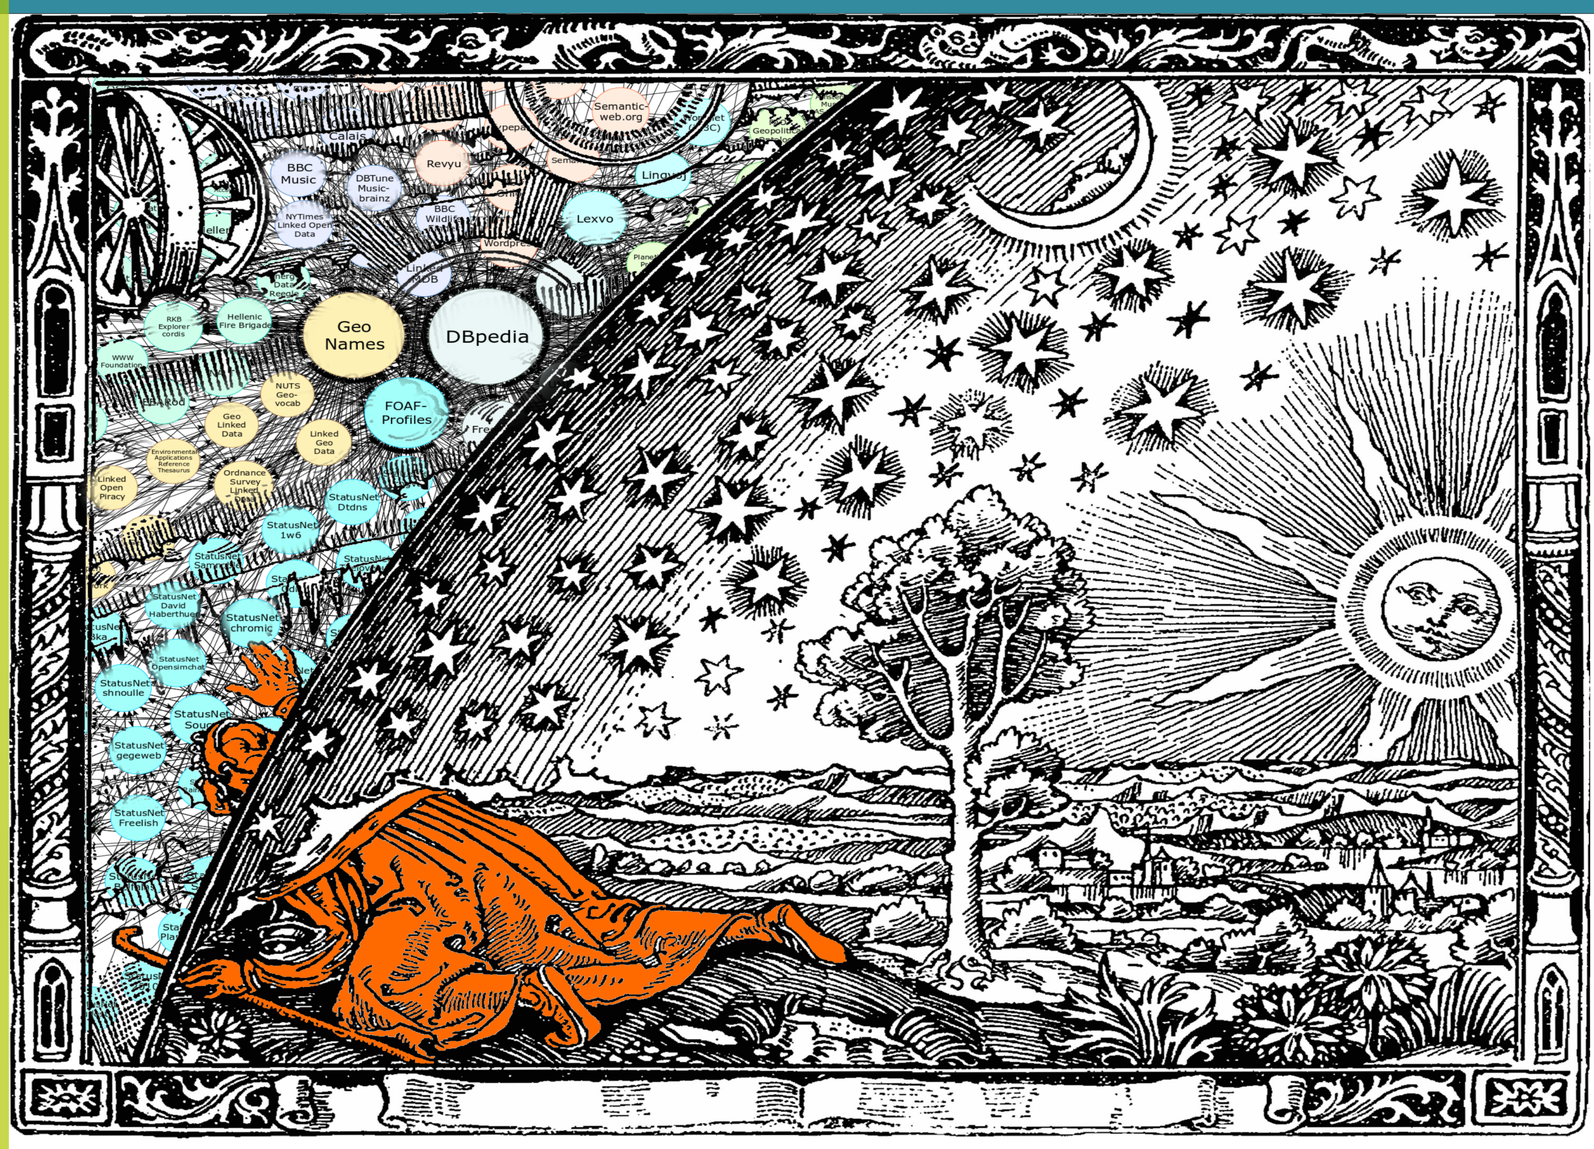
Dataset #1



Dataset #2



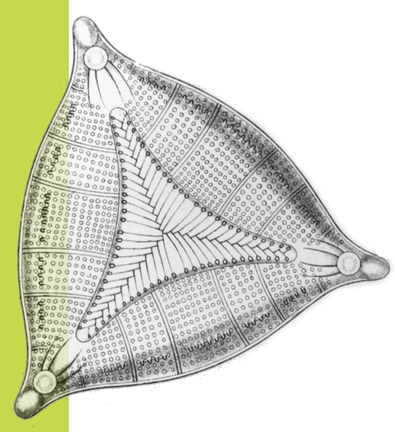
Connect the dots!

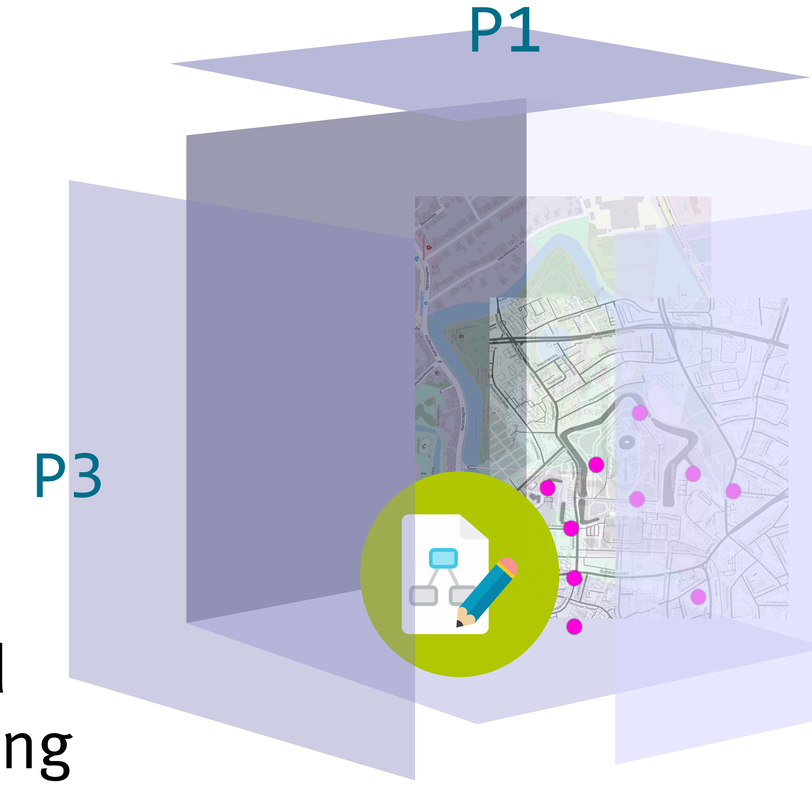


New ways to gain knowledge
in the linked open data cloud

LODUM
is the University
of Münster‘s
Open Data initiative.

We make scientific
data of the university
available in
machine-readable
formats for easy
access and reuse.





Multifacetted
Problemsolving
