

SECOND CALL

4th January 2021

BRIDGING RESEARCH & PRACTICE

ACTIVE AGING

– new challenges, new opportunities

EGREPA CONFERENCE

19th- 21st of May 2021, Krakow/Poland

The conference will focus on a wide range of themes related to physical activity and aging, including physical activity for special populations such as cognitively impaired people, life space and mobility, big data in exercise and aging, personalized exercise, new technologies in exercise for older adults.

The program will include sessions presenting original research as well as practical workshops.

ACTIVE AGING – new challenges, new opportunities will be a hybrid conference with maximum flexibility for speakers and participants.

The city of Krakow is a fantastic location. The cradle of history, culture & science placed in the heart of Europe, well connected with most of the European capitals, offering comfortable Conference facilities and unique tourist attractions! In this magic city we can organize unforgettable moments of integration (www.youtube.com/watch?v=PuoWsm2DvYs).

Co-funded by the
Erasmus+ Programme
of the European Union

 Actimentia

European Group for Research
into Elderly and Physical Activity

PLinEU

The 1st Conference Day (May 19th) in collaboration with the EU-funded Erasmus+ project “Actimentia”: practitioners (representatives of NGOs’, Seniors’ Day Care Centers, Medical fitness), volunteers, as well as researchers&students who are interested in practical programs and the use of a special website <https://actimentia.org/>, are invited.

The 2nd & 3rd Conference Day (May 20th and 21st) in collaboration with University School of Physical Education in Krakow: researchers, students, and practitioners are invited.

The venue will create a unique opportunity for scientists, researchers and practitioners to exchange and share their experiences and research results on all aspects of physical activity and aging.

Keynote speakers:

Prof. Taina Rantanen, University of Jyväskylä, Finland
Prof. Eling De Bruin, ETH Zurich, Switzerland and Karolinska Institute, Sweden
