

SHARP 2021 Registration and Payment Guide

General Information

Please note that registrations are moderated—you will have to wait for your registration to be approved before proceeding to payment.

There are two payment methods available: credit card and invoice/bank transfer. Please choose one of these options.

- For credit card payments, you will need to use a 3D secure credit card; you will receive proof of payment via email, but this is not automated and will take about 14 working days after registration.
- For invoice payment, be aware that your invoice, including IBAN information for payment, will come by email within about 14 working days.

Guide for Invoice/ Bank Transfers

1. Once you have selected the payment method, click on 'anfordern'. There is no need to do anything else. You will receive an invoice with bank details within 14 days to your email, and can then proceed to payment.

Registration

Discounted registration, presenter: Checkout

You need to pay €25.00 for your registration. Please select a payment method below to see the final price.
